

CREATIVE BIOMART®

Diagnostic Proteins

Mouse Plasma In Potassium Oxalate, Virus Free

Product Information

Catalog

PM-210M

ProductName

Mouse Plasma In Potassium Oxalate, Virus Free

Short Name

Plasma(Mouse)

similar

Plasma

Source

Plasma

Species

Mouse

Product Overview

Mouse (Virus Free) Plasma In Potassium Oxalate

Applications

Applications Notes:

pH: normal; Immunoelectrophoresis: normal; Hemoglobin: normal; IgG Concentration: normal

Storage

Store container at -20 centigrade prior to opening. Avoid cycles of freezing and thawing.

Concentration

85 mg/mL by Refractometry

Shipping

Dry Ice

Mouse Plasma In Potassium Oxalate, Virus Free

Synonyms

mouse plasma in Potassium Oxalate; plasma from mouse with anticoagulant Potassium Oxalate; mouse plasma

Physical State

Liquid

Sex

Mixed

Anticoagulant

Potassium Oxalate

Sterility

Non-sterile

Preservative

None

Stabilizer

None

Expiration

Expiration date is one (1) year from date of receipt.
