

CREATIVE BIOMART®

Diagnostic Proteins

Donkey Serum

Product Information

Catalog

SM-136D

ProductName

Donkey Serum

Short Name

Serum(Donkey)

similar

Serum

Source

Serum

Species

Donkey

Product Overview

Donkey Serum Non-Sterile

Description

Donkey serum is used as a component of bioassays, immunoassays or enzyme assays. Donkey serum provides a broad spectrum of macromolecules, carrier proteins for lipid substances and trace elements, attachment and spreading factors, low molecular weight nutrients, and hormones and growth factors that promote cell growth and health. Donkey serum is also available as a sterile preparation for use as a cell culture supplement.

Form

None

Applications

CREATIVE BIOMART[®]

Diagnostic Proteins

Donkey Serum

Suggested Applications: IF, IHC

Applications Notes:

pH: normal; Immunoelectrophoresis: normal; Hemoglobin: normal; IgG Concentration: normal

Storage

Store container at -20 centigrade prior to opening. Avoid cycles of freezing and thawing.

Concentration

90 mg/mL by Refractometry

Shipping

Dry Ice

Synonyms

Donkey serum for bioassay; control donkey serum; non sterile serum from donkey

Physical State

Liquid

Sex

Mixed

Sterility

Donkey Serum

Non-sterile

Preservative

None

Stabilizer

None

Expiration

Expiration date is one (1) year from date of receipt.
