Sterile Goose Serum

Product Information

Catalog

SM-369G

ProductName

Sterile Goose Serum

Short Name

Serum(Goose)

similar

Serum

Source

Serum

Species

Goose

Product Overview

Goose Serum Sterile

Description

Goose Serum is used as a supplement to cell culture media. Goose Serum is also suitable for use as a component of bioassays, immunoassays or enzyme assays. Goose Serum provides a broad spectrum of macromolecules, carrier proteins for lipoid substances and trace elements, attachment and spreading factors, low molecular weight nutrients, and hormones and growth factors that promote cell growth and health. Be certain to maintain Good Cell Culture Practice, and maintain sterility of cultures that require media supplementation. Goose Serum is ideal for investigators in Cancer, Immunology, and Cell Biology research.

Form

None

Sterile Goose Serum

Applications

Applications Notes:

pH: normal; Immunoelectrophoresis: normal; Hemoglobin: normal; IgG Concentration: normal

Storage

Store container at -20 centigrade prior to opening. Avoid cycles of freezing and thawing. Use aseptic technique to maintain sterility when opening product.

Concentration

85 mg/mL by Refractometry

Shipping

Dry Ice

Synonyms

Goose serum for cell culture; cell culture grade Goose serum; sterile serum from Goose

Physical State

Liquid (sterile filtered)

Sex

Mixed

Sterility

Sterile

Preservative

None

Stabilizer

None

Expiration

Expiration date is one (1) year from date of receipt.
