Diagnostic Proteins

Sterile Hamster Serum

Product Information

Catalog

SM-387H

ProductName

Sterile Hamster Serum

Short Name

Serum(Hamster)

similar

Serum

Source

Serum

Species

Hamster

Product Overview

Hamster Serum Sterile

Description

Hamster Serum is used as a supplement to cell culture media. Hamster Serum is also suitable for use as a component of bioassays, immunoassays or enzyme assays. Hamster Serum provides a broad spectrum of macromolecules, carrier proteins for lipoid substances and trace elements, attachment and spreading factors, low molecular weight nutrients, and hormones and growth factors that promote cell growth and health. Be certain to maintain Good Cell Culture Practice, and maintain sterility of cultures that require media supplementation. Hamster Serum is ideal for investigators in Cancer, Immunology, and Cell Biology research.

Form

None

CREATIVE BIOMART®

Diagnostic Proteins

Sterile Hamster Serum

Applications

Applications Notes:

pH: normal; Immunoelectrophoresis: normal; Hemoglobin: normal; IgG Concentration: normal

Storage

Store container at -20 centigrade prior to opening. Avoid cycles of freezing and thawing. Use aseptic technique to maintain sterility when opening product.

Concentration

89 mg/mL by Refractometry

Shipping

Dry Ice

Synonyms

Hamster serum for cell culture; cell culture grade hamster serum; sterile serum from hamster.

Physical State

Liquid (sterile filtered)

Sex

Mixed

Sterility

Sterile

Preservative

None

Stabilizer

None

Expiration

Expiration date is one (1) year from date of receipt.
